## BIOMEDICAL SCIENCE COMMUNICATION

# 2025

**Dates:** July 7-10

**Location:** Studium,  
Pollone, Italy

**Develop the skills to translate biomedical science for diverse audiences, from peers to patients.**

### PROGRAM

#### *Core science communication skills*

Written communication:

- Writing scientific papers (where and how to publish)
- Writing for non-scientific audiences
- How to communicate with journalists

Oral communication:

- Delivering effective scientific presentations
- Project pitching techniques

Visual communication:

- Creating impactful scientific illustrations
- Producing engaging video content

#### *Medical cross-communication with patients and the public*

Narrative medicine:

- From the point of view of the health professionals
- From the point of view of cancer patient activists
- Shaping public health policies

**Limited Spots: Maximum 25 participants**
